Does your team require hosted? Friday night: _____ Saturday night: _____

This event is for the development of student yacht racing in Scotland so therefore not for experienced yacht racers/ "A" teams of a high standard.

This event (formerly known as the Cameron trophy) is more suited towards yacht cruisers looking to get into racing, dinghy racers getting into yachts, freshers or sailors requiring more practice to be confident racing on yachts etc. There could be one or two more experienced members on board but the majority of the team should consist of developing sailors. Any queries email or phone me. If there is any discrepancy whether a team qualifies for entry it will be decided by the Scottish Student Sailing Committee at the earliest opportunity.

Entry is primarily on a first come first served basis for 1 team per university/college. If spaces for entry are still available by 25th October then a 2nd entry per university will be allowed on a first come first served basis. You can send in entries for 2nd teams before this date.

Please email completed entry forms to Dominic Lloyd dwlloyd@dundee.ac.uk
