

Scottish Student Athletics

Entry & Eligibility Guidelines

The purpose of this Entry and Eligibility Guidelines is to provide clarification on the type of entry a person should select when entering a Scottish Student Athletics event.

Terminology

- The term 'Student' in our eligibility rules will relate to anyone currently matriculated to a Scottish Student Sport member institution
 - Matriculation cards will be asked for upon arrival
- The term 'Guest' will relate to any other entry, including Scottish institution alumni or students from non-Scottish Student Sport member institutions.

Entries:

- Pre-event entries are required. Students can raise club invoices if they process their entries via their Sports Union using the 'Defer Payment' option
- Guest entries will all be required to pay in advance of competing and will not be able to request invoices
- On-the-day entries will be allowed for RELAY ENTRIES ONLY
- Due to time constraints we will only accept 1 relay team per institution, per relay event on the day up to a maximum of 8 teams total (i.e. one Final per event)
- Relay teams should consist entirely of students from the same institution

Rules:

- Guests will not be eligible to qualify for finals and their finishing positions will be discarded when allocating team points
- Guest spaces are not available in all disciplines, and highly limited in others, due to the fact this event caters primarily for students and the fact that some events are simply more in-demand by students than others
