

Scottish Student Athletics

Entry & Eligibility Guidelines

The purpose of this Entry and Eligibility Guidelines is to provide clarification on the type of entry a person should select when entering a Scottish Student Athletics event.

Terminology

- The term 'Student' in our eligibility rules will relate to anyone currently matriculated to a Scottish Student Sport member institution
 - Matriculation cards will be asked for upon arrival
- The term 'Guest' will relate to any other entry, including Scottish institution alumni or students from non-Scottish Student Sport member institutions.

Entries:

- Pre-event entries are strongly encouraged to guarantee entries. Students can raise club invoices if they process their entries via their Sports Union
- Guest entries will all be required to pay in advance of competing and will not be able to request invoices
- On-the-day entries will be allowed for RELAY ENTRIES ONLY – via CASH ONLY

Rules:

- Guests will not be eligible to qualify for finals and their finishing positions will be discarded when allocating team points
- If entries in to a certain discipline exceed the capacity available, and Guest entries have been received for that discipline, Students will be given priority in their entries over Guests. Guest entrants would then be ranked via Power of 10 and those highest-ranked would be accepted first, and so forth
